

Biology Lab (see also Biology)

Please note: The Biology course and the Biology Lab course are separate courses receiving separate units and grades. Enrollment must be concurrent.

Grades 9-12

Course Description:

Lab experiments will coincide with chapter studies. There are three types of lab experiments: microscope labs, dissection labs and household labs. The microscope labs will be performed in class. Household (labs using household products) and dissection labs will be performed at home with parental supervision. It is required for parents to be present for dissection lab demonstrations. Lab reports will be due on all labs. These labs are created to enhance the concepts that are taught and help the student gain a glimpse of the complexity, organization and plan that is so evident in the world around us.

Cost per semester: \$30.

Materials fee per semester: none

Min. number of students: 15

Maximum number of students: 18

Text: Students will need a dissection lab kit from Home Training

Tools. The cost is approximately \$25.50 each. Info will be mailed to you with your completed registration. Students may “double up” to perform dissections at home.

Instructor: Laura Pierce

Please see the Biology course description for info.

This is a two semester course, but it is worth 5 units – 2.5 per semester. A grade will be given at the end of each semester.

Biology Lab – Registration Form

The cost of this course involves a **Course Fee** and **Co-op Fees**.

Checks for both must be submitted with your registration (reg) form.
